Book a tasting

We arrange a tasting of meals, mezze, cold-pressed juices, gluten-free cakes and frozen lines for your team, as they would reach your guests.

Talk private label

Bring your brief. We manufacture under your brand and adapt recipes, formats and packaging.

Get specification sheets

Formats, storage and shelf life for every line, ready for your procurement and food safety teams.

Arrange samples and a trial

Leave with a sample plan for your outlet, flight programme, school or office.

WHO WE ARE

Fueled by *Raw*

Raw Middle East is a plant-based food manufacturing platform in the GCC, established in Qatar in 2010. We operate from a 1,787 sqm production facility and are a 100% plant-based manufacturer certified to ISO 22000 and HACCP.

We supply retail brands, airlines, hospitality groups and institutions across the region. Our capabilities cover private label manufacturing, ready-to-eat plant-based meals, fresh and cold-pressed beverages, fruit snack programmes for schools and customised institutional catering.

Our focus is innovation and healthy nutrition, supporting growing demand for sustainable, plant-based food across the GCC.

HOW IT WORKS

From meeting to *supply*

1

Book a meeting

Meet us during the show and tell us your outlets, volumes, guest profile and storage.

2

Tasting & samples

We send samples of the lines that fit your menu or programme.

3

Specs & pricing

Specification sheets, formats and a quotation for your volumes.

4

Trial order

A first delivery to test guest response, logistics and shelf life.

5

Supply agreement

Scheduled daily, weekly or programme deliveries, with private label if you need it.
